*Flying* Jan 15 2020 New York Times bestselling author Carrie Jones introduces sassy alien-hunting cheerleader Mana in Flying, the launch of a sparkling new YA Science Fiction series. People have always treated seventeen-year-old Mana as someone in need of protection. She's used to being coddled, being an only child, but it's hard to imagine anything could ever happen in her small-town, normal life. As her mother's babying gets more stifling than ever, she's looking forward to cheering at the big game and getting out of the house for a while. But that night, Mana's life goes haywire. First, the hot guy she's been crushing on at school randomly flips out and starts spitting acid during the game. Then they get into a knockdown, drag-out fight in the locker room, during which Mana finds herself leaping around like a kangaroo on steroids. As a flyer on the cheerleading squad, she's always been a good jumper, but this is a bit much. By the time she gets home and finds her house trashed and an alien in the garage, Mana starts to wonder if her mother had her reasons for being overprotective. It turns out, Mana's frumpy, timid mom is actually an alien hunter, and now she's missing--taking a piece of technology with her that everyone wants their hands on, both human and alien. Now her supposed partner, a guy that Mana has never met or heard of (and who seems way too young and way too arrogant to be hunting aliens), has shown up, ordering Mana to come with him. Now, on her own for the first time, Mana will have to find a way to save her mother--and maybe the world--and hope she's up to the challenge. **Ghosts** Sep 22 2020 A New York Times Book Review Editor's Choice "Roger Clarke tells this [the story that inspired Henry James' The Turn of the Screw] and many other gloriously weird stories with real verve, and also a kind of narrative authority that tends to constrain the skeptical voice within... [an] erudite and richly entertaining book." —New York Times Book Review "Is there anybody out there?" No matter how rationally we order our lives, few of us are completely immune to the suggestion of the uncanny and the fear of the dark. What explains sightings of ghosts? Why do they fascinate us? What exactly do those who have been haunted see? What did they believe? And what proof is there? Taking us through the key hauntings that have obsessed the world, from the true events that inspired Henry James's classic The Turn of the Screw right up to the present day, Roger Clarke unfolds a story of class conflict, charlatans, and true believers. The cast list includes royalty and prime ministers, Samuel Johnson, John Wesley, Harry Houdini, and Adolf Hitler. The chapters cover everything from religious beliefs to modern developments in neuroscience, the medicine of ghosts, and the technology of ghosthunting. There are haunted WWI submarines, houses so blighted by phantoms they are demolished, a seventeenth-century Ghost Hunter General, and the emergence of the Victorian flash mob, where hundreds would stand outside rumored sites all night waiting to catch sight of a dead face at a window. Written as grippingly as the best ghost fiction, A Natural History of Ghosts takes us on an unforgettable hunt through the most haunted places of the last five hundred years and our longing to believe.

**Sinner's Game** Apr 29 2021 What's more dangerous—a killer attraction that breaks all the rules, or the true killer who's closing in? Security consultant Ronan Thorne might be sex on a stick, but that doesn't mean I should want him. After all, I'm Brandy Bradshaw, the Girl With the Worst Luck With Men. As for that one kiss we shared? That was nothing but a drunken mistake between friends. I know perfectly well that Ronan's not a relationship guy. He's got dark edges and dangerous secrets and so many scars. But when I find my landlord dead in my living room, shot with a single bullet to the head, Ronan's the man I cling to. I feel safe in his arms, and he has the skills to figure out what's happening. Except what he learns is that a case of mistaken identity has made me the next target. Now we're on the run together, but I'm not prepared for the heat that flares between us, or the tantalizing things he does to my body when we give in to temptation. He soothes my fear by showing me a different type of danger, sensuous and wild. It's miraculous and wonderful, but terrifying, too. Because as soon as we catch the killer, I'm afraid Ronan will leave. And when he does, I know my heart will shatter. From the New York Times bestselling author who brought you Damien Stark comes a sexy and suspenseful romance between a woman in jeopardy and the reluctant hero determined to save the girl but not lose his heart.

They tell him nothing else; not even that the beautiful woman who makes his heart beat faster is not just his partner, but also his wife. The secret she must keep wrecks Denise, who wants only to return to Mason's arms. But despite the desire that still burns hot between them, she can't tell him who she is—or that she's carrying his child. But when dark forces threaten both their lives in order to retrieve the information trapped in Mason's mind, it's not their past that will be tested, but the tenuous new love now burning hot between them. [Heated](#) Dec 06 2021 NEW YORK TIMES BESTSELLER • For fans of *Release Me* comes a series of three enigmatic and powerful men, and the striking women who can bring them to their knees. I knew better than to risk my heart. But fierce passion comes at a high price. I grew up believing in right and wrong, good and evil, black and white. I knew better than to trust. And then I met Tyler Sharp. Bold, charming, and dangerously sexy, Tyler always gets what he wants. But his smile can be deceiving, his dealings sordid, his ambitions ruthless. I thought I was the one woman strong enough to resist him, but our need for each other was too urgent to deny. One look and I was in trouble. One touch and I was hooked. One night and I became his. And now that I've fallen, there's no going back. *Heated* is intended for mature audiences. FIRST TIME IN PRINT: THE BONUS STORY “TAKE ME” Praise for *Heated* “A steamy story with a dark edge. Recommended for those seeking crime drama with spice.”—Library Journal “Kenner may very well have cornered the market on sinfully attractive, dominant antiheroes and the women who swoon for them, and this second installment of her *Most Wanted* series goes a long way toward solidifying that claim. Her characters’ scorching, scandalous affair explores the very nature of attraction and desire, redeeming and changing them beyond measure. . . . Fans will no doubt love the games of power, overwhelming passion and self-defining relationship that Kenner has crafted, and come away eager for more.”—RT Book Reviews “The plot is complex, the characters engaging, and J. Kenner’s passionate writing brings it all perfectly together.”—Harlequin Junkie “In Julie Kenner’s typical masterful storytelling, nothing is as it seems. We are taken deeply into the plot twists and the danger of this . . . journey. The chemistry first felt by both Tyler and Sloanne during their first encounter roars into an all-consuming fire neither one can put out. . . . Take the same journey I did and you will not be disappointed!”—As You Wish Reviews

Praise: "Urban fantasy has a special place in my heart, and the Occult Detective is perhaps the fundamental urban-fantasy archetype. An anthology of this kind is can serve two purposes: The first is to provide a taste of the genre to those that might otherwise be unfamiliar with it, and the second is to provide fans of the genre a chance to discover writers they may not have already come across. It was well worth the read and I would recommend it wholeheartedly for any fan of the urban fantasy/occult detective genre; even more so if you are unfamiliar with the genre and would like a taste as to what it's all about." — Nick Bronson -- "Urban Fantasy readers will love this book, and it is a first-rate group of stories." — Paul Lappan, Reviewer

[Enchant Me](#) Nov 05 2021 In our years together, I've heard all the rumors, faced all the dark secrets, and survived the danger that comes hand-in-hand with loving a powerful magnate like Damien Stark. Now we're ready to celebrate our legacy and turn our eyes toward the future by renewing our wedding vows. I didn't expect anyone to object... Especially not the son my husband never knew existed. But he's here, he's real, and he's absolutely livid. Our vows of love and fidelity are forgotten as this wayward heir instead promises to destroy everything we hold dear, everything that should have belonged to him instead of my children. Our world falls to chaos, Damien is wrecked, and I don't know where to turn. What might this unexpected blast from the past mean for our family's future?

[The Prada Paradox](#) Aug 02 2021 USA Today bestselling author Julie Kenner follows up her acclaimed thrillers *The Givenchy Code* and *The Manolo Matrix* with a whip-smart new adventure in code-breaking -- Hollywood-style! Devi Taylor was one of Hollywood's fastest-rising starlets -- until a crazed fan held her at knifepoint and she retreated to a life of privacy and Valium. Now recovered and ready for a comeback, Devi dreams of endorsing all things Prada, whose Rodeo Drive store she can't resist. Instead, she lands the starring role in *The Givenchy Code*, a high-budget action-adventure flick. But with the tabloids all over Givenchy and her recent split with her drop-dead handsome costar, Blake, Devi can't shake the feeling that another crazed fan is going to strike. Then a frightening message -- "Play or Die" -- is delivered to Devi's house, and she finds herself sucked into a deadly and cryptic game not unlike the one in the movie she's starring in. Hollywood has always been her life, but does Devi know its secrets well enough to follow the cinematic clues that might save her and her favorite Prada bag? **More Than Fiends** Jan 07 2022 Can she save the world and cleans toilets, too? Worst. Birthday. Ever. Cassidy Burke’s dog ate her breakfast, then her ancient washing machine finally died. Oh, and Logan Miller is back. First love, baby daddy to her genius daughter (won’t he be surprised?), still so handsome he makes her hoo-hah tingle. Which is exciting but confusing because she’s also getting serious flirting vibes from her latest client, Devlin Cole – a tall, dark, walking, talking orgasm. So forgive her if she’s not exactly thrilled when a strange old lady barges into her house and insists that Cass’s destiny is to hunt demons. A., she doesn’t want to hunt demons, she wants to clean houses (and she doesn’t really want to do that). And B., there’s no such thing as demons. Except… they seem pretty real when they’re coming after her. As if running a business and being a single mom wasn’t enough, now she has to train to become a kick-ass Demon Duster, decide which hunk to do more than flirt with, and – oh, yeah – dodge the demons determined to kill her before she taps into her full power. All in a day’s work…
