"This is what horror ought to be: primal,
personal, and powerful." — Seanan McGuire

Paul Cornell plumbs the depths of magic and
despair in Chalk, a brutal exploration of bullying
in Margaret Thatcher's England. Andrew
Waggoner has always hung around with his
fellow losers at school, desperately hoping each
day that the school bullies — led by Drake — will
pass him by in search of other prey. But one day
they force him into the woods, and the bullying
escalates into something more; something
unforgivable; something unthinkable. Broken,
both physically and emotionally, something dies
in Waggoner, and something else is born in its
place. In the hills of the West Country a chalk
horse stands vigil over a site of ancient power,
and there Waggoner finds in himself a reflection

of rage and vengeance, a power and persona to topple those who would bring him low. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied. BODY AND SOUL The song. That's what London constable and sorcerer's apprentice Peter Grant first notices when he examines the corpse of Cyrus Wilkins, part-time jazz drummer and full-time accountant, who dropped dead of a heart attack while playing a gig at Soho's 606 Club. The notes of the old jazz standard are rising from the body—a sure sign that something about the man's death was not at all natural but instead supernatural. Body and soul—they're also what Peter will risk as he investigates a pattern of similar deaths in and around Soho. With the help of his superior officer, Detective Chief Inspector Thomas Nightingale, the last registered wizard in England, and the assistance of beautiful jazz aficionado Simone Fitzwilliam, Peter will uncover a deadly magical menace—one that

leads right to his own doorstep and to the squandered promise of a young jazz musician: a talented trumpet player named Richard "Lord" Grant—otherwise known as Peter's dear old dad. Welcome back to the streets of Sunder City, a darkly imagined world perfect for readers of Ben Aaronovitch and Jim Butcher. In a city that lost its magic, an angel falls in a downtown street. His wings are feathered, whole—undeniably magical—the man clearly flew, because he left one hell of a mess when he plummeted into the sidewalk. But what sent him up? What brought him down? And will the answers help Fetch bring the magic back for good? Working alongside necromancers, genies, and shadowy secret societies, through the wildest forests and dingiest dive bars, this case will leave its mark on Fetch's body, his soul, and the fate of the world. Praise for the Fetch Phillips novels: "Superb... With a lead who would be at home in the pages of a Raymond Chandler or James Ellory novel and a nicely twisty plot, this

installment makes a strong case for Arnold's series to enjoy a long run." —Publishers Weekly "Arnold's universe has everything, including the angst of being human. The perfect story for adult fantasy fans—a tough PI and a murder mystery wrapped around the mysticism of Hogwarts, sprinkled with faerie dust." —Library Journal (starred review) Fetch Phillips Novels The Last Smile in Sunder City Dead Man in a Ditch One Foot in the Fade Dark rituals drag London mage Alex Verus into the center of a conspiracy in this thrilling novel from the national bestselling author of *Marked*. Since his second sight made him infamous for defeating powerful dark mages, Alex Verus has been keeping his head down. But now he's discovered the resurgence of a forbidden ritual. Someone is harvesting the life-force of magical creatures—destroying them in the process. And draining humans is next on the agenda. Hired to investigate, Alex discovers not everyone on the Council wants him delving any deeper.

Struggling to distinguish ally from enemy, he finds himself the target of those who would risk their own sanity for power. Alex still has the advantage of seeing the future—but he might not have a future for much longer. The ghost of Sherlock Holmes is dead, but who will solve his murder? The Great Detective's ghost has walked London's streets for an age, given shape by people's memories. Now someone's put a ceremonial dagger through his chest. But what's the motive? And who - or what - could kill a ghost? When policing London's supernatural underworld, eliminating the impossible is not an option. DI James Quill and his detectives have learnt this the hard way. Gifted with the Sight, they'll pursue a criminal genius - who'll lure them into a Sherlockian maze of clues and evidence. The team also have their own demons to fight. They've been to Hell and back (literally) but now the unit is falling apart . . . Paul Cornell's *Who Killed Sherlock Holmes?* is the third book in the urban gothic *Shadow Police*

series. Mage Alex Verus is caught between a rock and a hard place in the eighth urban fantasy novel from the national bestselling author of *Burned*. Right now I wasn't seeing Richard as the teacher out of my nightmares; he was just another Dark mage, and I looked into the future to see what would happen if I turned that knife on him instead... Alex Verus is still haunted by his time apprenticed to Richard Drakh. He's been free of him for many years, but now the only way to keep his friends from being harmed is to again work for Richard and his deadly ally. Even worse, Alex is forced to bring the life mage Anne into this servitude as well. After weeks of being hunted and finally cornered into what he thought was his last stand, Alex never imagined his life would be spared—and never anticipated at what price. This time, the diviner can see no way out... Alex Verus must keep his friends close—and his enemies closer—in the epic conclusion to the bestselling urban fantasy series about a London-based

mage. Mage Alex Verus has gone from a Camden shopkeeper to one of the most powerful mages in Britain. Now his last and most dangerous battle lies before him. His lover, the life mage Anne, has fallen fully under the control of the deadly creature she made a bargain with, and it is preparing to create an army of mages subject to its every whim. Alex, the Council, and the Dark mage Richard Drakh agree to call a truce in their war, and plans are made for a joint attack. But Alex knows that it's only a matter of time before Drakh and the Council turn on each other . . . and neither cares about keeping Anne alive. Can Alex figure out a way to stop Anne and to free her from possession before time runs out? Everything is on the line for probability mage Alex Verus in the tenth urban fantasy novel from the bestselling author of *Fated*. Once Alex Verus was a diviner trying to live quietly under the radar. Now he's a member of the Light Council who's found success, friends . . . and love. But it's come with a price - the Council is

investigating him, and if they find out the truth, he'll lose everything. Meanwhile, Alex's old master, Richard Drakh, is waging a war against the Council, and he's preparing a move that will bring Alex and the life mage, Anne, under his control. Caught between Richard and the Council, Alex's time is running out. To protect those he cares for, Alex will have to become something different. Something darker. . . The seventh book of this dark urban fantasy series follows necromancer Eric Carter through a world of vengeful gods and goddesses, mysterious murders, and restless ghosts. Family is murder. When Eric Carter helps a friend with a deadly ritual that could determine the fate of the most powerful mage family in Los Angeles he steps into the middle of centuries-long feuds with people who make the Borgias look like the Brady Bunch. Eric's just fine with the murder, soul eaters, and death magic. He's just having trouble adjusting to being brought back from the grave. If he's not careful, somebody's going to

put him right back. THE NEW ALEX VERUS NOVEL I don't publicly advertise that I'm a mage, but I don't exactly hide it either, and one of the odd things I've learnt over the years is just how much you can get away with if you're blatant enough. Hide something behind smoke and mirrors and make people work to find it, and they'll tear the place down looking for what's there. Alex Verus is a diviner who can see probable futures—a talent that's gotten him out of many a tough scrape. But this time, he may be in over his head. Alex was once apprenticed to a Dark mage, and in his service he did a lot of things he isn't proud of. As rumors swirl that his old master is coming back, Alex comes face to face with his misdeeds in the form of a young adept whose only goal is to get revenge. Alex has changed his life for the better, but he's afraid of what his friends—including his apprentice, Luna—will think of his past. But if they're going to put themselves at risk, they need to know exactly what kind of man they're

fighting for... Alex Verus faces his dark side in this return to the bestselling urban fantasy series about a London-based mage. To protect his friends, Mage Alex Verus has had to change--and embrace his dark side. But the life mage Anne has changed too, and made a bond with a dangerous power. She's going after everyone she's got a grudge against--and it's a long list. In the meantime, Alex has to deal with his arch-enemy, Levistus. The Council's death squads are hunting Alex as well as Anne, and the only way for Alex to stop them is to end his long war with Levistus and the Council, by whatever means necessary. It will take everything Alex has to stay a step ahead of the Council and stop Anne from letting the world burn. National bestselling author Benedict Jacka returns to the world of Alex Verus... I thought I'd escaped my past. But my old master is back and making a new play for power. And he's not the only one targeting me... Diviner Alex Verus and the Council that governs the magical community have never gotten along.

But with his former teacher back in Britain, Alex is in desperate need of allies, and he'll do whatever it takes to get them—even if it means accepting a job with the Keepers, enforcing magical law. Alex forms an uneasy alliance with his new partner, Caldera, but his attempt at legitimacy quickly turns lethal when a mission puts him in possession of an item that factions both inside and outside of the Council would kill to get their hands on. Alex Verus is part of a world hidden in plain sight, running a magic shop in London. And while Alex's own powers aren't as showy as some mages, he does have the advantage of foreseeing the possible future--allowing him to pull off operations that have a million-to-one-chance of success.

Mage Alex Verus is hanging on by a thread in the ninth urban fantasy novel from the national bestselling author of *Burned*. When Mage Alex Verus ends up with a position on the Light Council, no one is happy, least of all him. But Alex is starting to realize that if he wants to protect his friends, he'll need to become a power player himself. His first order of business is to track down dangerous magical items unleashed into the world by Dark Mages. But when the Council decides they need his help in negotiating with the perpetrators, Alex will have to use all his cunning and magic to strike a deal--and stop the rising tension between the Council, the Dark Mages, and the adept community from turning into a bloodbath. The last decade has witnessed remarkable discoveries and advances in our understanding of the tool using behaviour of animals. Wild populations of capuchin monkeys have been observed to crack open nuts with stone tools, similar to the skills of chimpanzees and humans. Corvids have been observed to use

and make tools that rival in complexity the behaviours exhibited by the great apes. Excavations of the nut cracking sites of chimpanzees have been dated to around 4-5 thousand years ago. *Tool Use in Animals* collates these and many more contributions by leading scholars in psychology, biology and anthropology, along with supplementary online materials, into a comprehensive assessment of the cognitive abilities and environmental forces shaping these behaviours in taxa as distantly related as primates and corvids. Welcome to London, but not as you know it. A place where magics and horror run free, wonders and miracles are everyday things, and the dark streets are full of very shadowy people . . . Gideon Sable is a thief and a con man. He specializes in stealing the kind of things that can't normally be stolen. Like a ghost's clothes, or a photo from a country that never existed. He even stole his current identity. Who was he originally? Now, that would be telling. One

thing's for sure though, he's not the bad guy. The people he steals from always have it coming. Gideon's planning a heist, to steal the only thing that matters from the worst man in the world. To get past his security, he's going to need a crew who can do the impossible . . . but luckily, he has the right people in mind. The Damned, the Ghost, the Wild Card . . . and his ex-girlfriend, Annie Anybody. A woman who can be anyone, with the power to make technology fall in love with her. If things go well, they'll all get what they want. And if they're lucky, they might not even die trying . . . Mage Alex Verus is back in the seventh in the "gorgeously realized"* urban fantasy series from the national bestselling author of Veiled. I'm used to people wanting me dead. But, this time, I'm not the only one on the hit list—and time is running out... Diviner Alex Verus finally made one too many enemies on the Council of Mages, and now one of them is angry enough to have him executed. Fighting for his life is nothing new, but this kill order also calls

for the death of Alex's dependents—and there's no way that he'll let Luna, Anne, and Vari take the heat. With only a week before he's history, Alex will have to figure out how to disassociate himself from his friends, scrounge up allies on the Council, and hopefully keep his head attached to his body. But saving himself is going to bring him into direct opposition with his former master and the Dark mages surrounding him. And, this time, escaping with his life might mean losing his soul... You meet the most interesting men in Medieval prisons. This one time, I met a guy who offered me immortality for the low, low price of changing my diet. I didn't read the fine print. Because he wasn't talking about a gluten free diet. More like hemoglobin full. And now I'm a friggin' vampire with five centuries of pop culture references. Granted, at the time, I was listening to the dying screams of my mother and father being burned and eviscerated alive just outside the rusty bars of the prison cell, and my new best friend was offering me my only real chance at saving my own life and avenging my parents' murderers—some day. Except my first chance at vengeance took about five hundred

years, and I had to wade through oceans of sin and violence, blackening my soul—and my already dark sense of humor—beyond redemption until I met Father Thomes—a Roman Catholic Priest—in present-day Houston. Papa Thomes taught me how to use my dark curse to fight for the good guys. Like Alfred and Robin did for Batman—except we straight up murder Jokers and Two-Faces. Biteman and Pope'n. We stand up for the downtrodden, the forgotten, and the neglected? By exsanguinating the wicked in horrific, truly imaginative ways, and having a grand ol' time doing it. You know what they say about doing what you love? But our party is soon cut short when we learn the End of Days is just around the corner, and that the fine print of my contract might have hidden a few other tidbits. Like the fact that I was central to kicking off the Apocalypse, and that the Archdemons will stop at nothing to make sure The Dude Abides by the terms of his contract. I guess I need a lawyer. Get ready to laugh at extreme violence. I know I will.

If you're not laughing, you're learning. Author of *The Girl With All the Gifts* Mike Carey presents the fourth book in his hip supernatural thriller series featuring freelance exorcist Felix Castor. Old ghosts are coming back to haunt Felix. Names and faces he thought he'd left behind in Liverpool resurface in London, bringing Felix far more trouble than he'd anticipated. Childhood memories, family traumas, sins old and new, and a council estate that was meant to be a modern utopia until it turned into something like hell... These are just some of the sticks life uses to beat Felix Castor with, as things go from bad to worse for London's favorite freelance exorcist. See, Castor's stepped over the line this time, and he knows he'll have to pay. The only question is: how much? Not the best of times, then, for an unwelcome confrontation with his holier-than-thou brother, Matthew. And just when he thinks things can't possibly get any worse, along comes Father Gwilliam and the Anathema. Oh joy....
