Significant developments since the publication of its bestselling predecessor, Building and Implementing a Security Certification and Accreditation Program, warrant an updated text as well as an updated title. Reflecting recent updates to the Certified Authorization Professional (CAP) Common Body of Knowledge (CBK) and NIST SP 800-37, the Official Known for its textbook/workbook format, Calculation of Drug Dosages, 10th Edition makes it easy to master the ratio and proportion, formula, and dimensional analysis methods for drug calculation. A basic review of mathematics refreshes your math skills, and plenty of practice problems help you overcome any inexperience or weaknesses you may have. Written by nursing experts Sheila Ogden and Linda Fluharty, this resource helps you calculate drug dosages accurately and with confidence. An extensive math review covers the basic math skills essential for accurate calculation of drug dosages and helps you identify your strengths and weaknesses. Over 1,800 practice problems reinforce your understanding of drug calculations. A logical structure is organized from simple to complex, making it easier to absorb and retain knowledge. Learning objectives keep you focused and explain what you should accomplish upon completion of each chapter. An Alert box highlights information crucial to math calculation and patient safety. Chapter worksheets allow you to practice solving realistic problems. Post-tests at the end of each chapter let you assess your understanding of content. A comprehensive post-test at the end of the book offers additional practice and accurately gauges your overall understanding. Over 600 practice problems on the Evolve companion website cover ratio-proportion, formula, and dimensional analysis methods. 25 flash cards on Evolve contain abbreviations, formulas,

and conversions from the book, allowing you to study at your own pace. UPDATED drug labels and equipment photos show the latest drugs and technology used in the market. NEW! Additional Intake and Output problems are included, and the apothecary method is minimized and moved to the appendix. NEW! Easy-access answer key is placed at the end of each chapter rather than in the back of the book. Many of the earliest books, particularly those dating back to the 1900s and before, are now extremely scarce and increasingly expensive. We are republishing many of these classic works in affordable, high quality, modern editions, using the original text and artwork. This is the definitive biography of the Hall of Fame player who was the most likely model, if any single player was, for the title character in Ernest Thayer's 1888 poem "Casey at the Bat." A year earlier, Mike Kelly became famous when Chicago sold him to Boston for a then-record price of \$10,000, about \$200,000 today. Until the final year of his life, 1894, he drew exceptionally colorful and informative coverage. The cricket world's bestselling pocket annual. The indispensable guide to the season. The Playfair Cricket Annual 2015 includes coverage of the 2014 season, including the LV= County Championship, Royal London One-Day Cup and the NatWest T20 Blast.
