Tom Clancy's Op-Center: God of War Jan 21 2023 In Tom Clancy's Op-Center: God of War, after the devastating outbreak of a killer super virus, the Black Wasp Team must prevent America's enemies from gaining access to the most dangerous weapon the world has ever seen. The passengers and crew on an Airbus en route to Australia suddenly begin coughing up blood and hemorrhaging violently as the plane plunges to the ground. There are no survivors. A luxury yacht in the South Indian Sea blows up, and a lone woman escapes the contagion that has inexplicably killed everyone else on the boat. A helicopter whose occupants have been stricken by an unknown illness crashes into a bridge in South Africa, killing motorists and pedestrians. The world is facing a devastating bio-terror event, and a game of brinkmanship gets underway as the major powers jockey for position: China sends a naval flotilla to seek the source of the plague and find a way to weaponize it, while Russia maneuvers quietly on the sidelines to seize the deadly prize in its quest to regain an empire. Back in Washington D.C., Chase Williams and his top-secret Black Wasp special ops team must find out who is behind these deadly attacks before war is unleashed—and millions of innocent lives are lost.

Conversations with the Devil Apr 19 2020 New York Times bestselling author Jeff Rovin has held readers in breathless suspense with his Tom Clancy's Op-Center novels. He has created compelling characters with vividly rendered emotions and actions. His page-turning thrillers have addressed questions of good and evil in our times. Now, Rovin confronts the question of Good and Evil on the ultimate battleground. A human soul hangs in the balance, and thousands of years of religious teachings depict only the beginning of the fight for dominion over man. Psychologist Sarah Lynch is stunned when one of her young patients hangs himself. Evidence reveals that Fredric had become a Satanist. Intending to solve the puzzle of Fredric's death, Sarah attempts to conjure the devil—surely then she will understand what the teenager was thinking. Sarah knows that belief in God and the Devil is a construct of the human mind and that people contain within them both good and evil. Her own family is the perfect example. Sarah's mother is still in denial about her dead husband's alcoholism, but acts as a wonderful grandparent to the son of the family's live-in housekeeper. Her alcoholic brother bounces from girlfriend to girlfriend and job to job, but is always there when Sarah needs him. And Sarah herself? She lost her faith more than a decade ago, during a personal crisis. But she is dedicated to giving others the help she did not receive. Even the nun who is Sarah's best friend cannot break through Sarah's shield of cynicism. But Satan can. The Devil himself rises in Sarah's office, sometimes a being of dark smoke and sometimes a creature of all-too-perfect, seductive flesh. Most disturbing is Satan's claim that only by following him can people find real happiness. In the Devil's theology, God is a brutal, jealous bully. And as God and Satan battle for Sarah's soul, Sarah comes to believe him. She forgets that he is the Master of Lies

Acts of War Jul 15 2022 When Syrian terrorists attack a dam in Turkey to

Tom Clancy's Op-Center: For Honor May 13 2022 In For Honor, a chilling new thriller in the New York Times bestselling Tom Clancy's Op-Center series, simmering tensions threaten to ignite when a silo of Cold War missiles surfaces in the Middle East. In 1962, at the height of the Cold War, the Soviet Union sent a convoy of nuclear missiles to Cuba. The crisis that followed almost triggered World War III. However, while all eyes were on the Caribbean, not all of the missiles were sent to Cuba. Several ships slipped from the flotilla and headed for a fishing village in a remote, frigid, northeastern Soviet frontier. There, a silo was constructed not far from Alaska. More than sixty years later, that silo and its lethal contents are intact. Now, Iranian scientists team with a Russian agent and his estranged, arms-smuggling father to bring those missiles to Tehran. When an intel officer at Op Center starts picking up hints of the deal, the government's off-the-grid unit must track the unknown actors – and try to decide whether they can count on data provided by an Iranian defector, a man who has more at stake than anyone realizes. At the same time, Op-Center sends a lone agent to Havana to try and find an aging revolutionary, a woman, who may hold the key to pinpointing the location of the silo. Complicating matters is a turf war between Op Center, the White House, and the FBI that threatens to compromise the investigation...as the time to act grows perilously short.

Sea of Fire Jan 29 2021 A half-dead Singapore pirate is plucked from the Celebes Sea in the Western Pacific, setting off alarms halfway around the world in Washington, D.C. When an empty drum from a recent drop-off is discovered near where the pirate's ship was destroyed, the Op-Center team comes to a terrifying conclusion: A multinational corporation hired to dispose of nuclear waste is selling it instead-to a most unlikely terrorist...

Shadow Warriors Sep 24 2020 An unconventional war requires unconventional men—the Special Forces. Green Berets • Navy SEALs • Rangers • Air Force Special Operations • PsyOps • Civil Affairs • and other special-mission units The first two Commanders books, Every Man a Tiger and Into the Storm, provided masterly blends of history, biography, you-are-there narrative, insight into the practice of leadership, and plain old-fashioned storytelling. Shadow Warriors is all of that and more, a book of uncommon timeliness, for, in the words of Lieutenant General Bill Yarborough, "there are itches that only Special Forces can scratch." Now, Carl Stiner—the second commander of SOCOM, the U.S. Special Operations Command—and Tom Clancy trace the transformation of the Special Forces from the small core of outsiders of the 1950s, through the cauldron of Vietnam, to the rebirth of the SF in the late 1980s and 1990s, and on into the new century as the bearer of the largest, most mixed, and most complex set of missions in the U.S. military. These are the first-hand accounts of soldiers fighting outside the lines: counterterrorism, raids, hostage rescues, reconnaissance, counterinsurgency, and psychological operations—from Vietnam and Laos to Lebanon to Panama, to Saudi Arabia, Kuwait, and Iraq, to the new wars of today...
