Law, Politics, and the Judicial Process in Canada, 4th Edition Sep 22 2020 Since the first edition of this popular text was published in 1984, the Charter of Rights and Freedoms has transformed the role of the courts in Canadian politics. Newly revised and updated, Law, Politics, and the Judicial Process in Canada, 4th Edition provides an introduction to the issues raised by the changing political role of Canadian judges. Morton and Dave Snow provide an even-handed examination of current and ongoing issues. Social Welfare in Canada, 4th Edition Oct 16 2022 The 'social safety net' created in Canada after World War II faced serious challenges from the early 1980s onwards. Neoliberal economic policies pursued by successive federal and provincial governments left many groups of people - especially those in precarious work, women, racialized minorities, older individuals and Indigenous communities - highly vulnerable and seriously under-protected. Social justice and full equality can come about only if systemic barriers such as these are acknowledged and completely eliminated. About This Edition This edition focuses on the transformative social policies and universal programs that are needed to promote personal and social well-being and ensure full equality of opportunity for all. Social workers at home and abroad are committed to building inclusive communities, promoting participatory democracy, fighting racism, and actively addressing the problems of economic sustainability, and climate change. The social work profession provides an excellent opportunity to join with health care professionals and others to bring about the fundamental changes necessary to ensure full inclusion, equity and social justice, and a safer and prosperous future.
