**Samuel Todd shows readers some inventions that make his day easier and better, including velcro, a thermos bottle, training wheels, backpacks, and mittens. Leadership Principles for Lasting Success Leadership makes great companies, but few of us truly understand how to turn ourselves and others into great leaders. One company—the Jesuits—pioneered a unique formula for molding leaders and in the process built one of history’s most successful companies. In this groundbreaking book, Chris Lowney reveals the leadership principles that have guided the Jesuits for more than 450 years: self-awareness, ingenuity, love, and heroism. Lowney shows how these same principles can make each of us a dynamic leader in the twenty-first century. Since the late 1970s, a new folk hero has risen to prominence in the U.S.-Mexico border region and beyond—the narcotrafficker. Celebrated in the narcocorrido, a current form of the traditional border song known as the corrido, narcotraffickers are often portrayed as larger-than-life "social bandits" who rise from poor or marginalized backgrounds to positions of power and wealth by operating outside the law and by living a life of excess, challenging authority (whether U.S. or Mexican), and flouting all risks, including death. This image, rooted in Mexican history, has been**

**transformed and commodified by the music industry and by the drug trafficking industry itself into a potent and highly marketable product that has a broad appeal, particularly among those experiencing poverty and power disparities. At the same time, the transformation from folk hero to marketable product raises serious questions about characterizations of narcocorridos as "narratives of resistance." This multilayered ethnography takes a wide-ranging look at the persona of the narcotrafficker and how it has been shaped by Mexican border culture, socioeconomic and power disparities, and the transnational music industry. Mark Edberg begins by analyzing how the narcocorrido emerged from and relates to the traditional corrido and its folk hero. Then, drawing upon interviews and participant-observation with corrido listening audiences in the border zone, as well as musicians and industry producers of narcocorridos, he elucidates how the persona of the narcotrafficker has been created, commodified, and enacted, and why this character resonates so strongly with people who are excluded from traditional power structures. Finally, he takes a look at the concept of the cultural persona itself and its role as both cultural representation and model for practice. Connor is sure his best friend, Branwell, couldn't have hurt Branwell's baby half sister, Nikki. But Nikki lies in a coma, and Branwell is in a juvenile behavioral center, suspected of a horrible crime and unable to utter the words to tell what really**

**happened. Connor is the only one who might be able to break through Branwell's wall of silence. But how can he prove Branwell didn't commit the unspeakable act of which he's accused — when Branwell can't speak for himself? Teacher Librarian Beth McGuire provides librarians and teachers with reproducible activities to encourage students to think about, discuss and provide a purpose for reading current star reviewed and award winning literature while practicing their comprehension strategies. Activities reinforce comprehension of the material and include an extension activity for going beyond the text, allowing the students to practice their higher level thinking skills. Librarians and teachers can make copies of the activities to directly incorporate into their lessons in the content areas. Titles included are organized by level and by curricular area. Usable for grades 6-8. Over the past decade, research and theory on heroism and heroic leadership has greatly expanded, providing new insights on heroic behavior. The Handbook of Heroism and Heroic Leadership brings together new scholarship in this burgeoning field to build an important foundation for further multidisciplinary developments. In its three parts, "Origins of Heroism," "Types of Heroism," and "Processes of Heroism," distinguished social scientists and researchers explore topics such as morality, resilience, courage, empathy, meaning, altruism, spirituality, and transformation. This handbook provides a much-needed consolidation and synthesis**

for heroism and heroic leadership scholars and graduate students. Presents advice and encouragement to create long-term life changes to achieve a higher purpose in one's life. Challenging conventional notions that literary allegorism declined precipitously around 1600, Kenneth Borris reassesses the Renaissance relations between allegory and heroic poetry, particularly in the major texts of Sidney, Spenser and Milton. Through wide-ranging consideration of Homeric and Virgilian reception and its influence on both continental and English literary theory, he shows that allegorical epic tended to double for and displace epic throughout the sixteenth and seventeenth centuries. Borris offers a fresh approach to the interaction of allegory with literary genres; focusing on epic, he further analyses the distinctive codes and conventions that constituted the generic repertoire of Renaissance allegorical epic poetry. Whereas standard literary history assumes Sidney opposes allegory, and that Milton minimises or rejects it in following Spenser, Borris's detailed readings demonstrate that Sidney and Milton are also major allegorists, and that Spenser remained so even in the latter books of *The Faerie Queene*. This book was first published in 2000. *The World of Odysseus* is a concise and penetrating account of the society that gave birth to the *Iliad* and the *Odyssey*--a book that provides a vivid picture of the Greek Dark Ages, its men and women, works and days, morals and values. Long celebrated as a pathbreaking achievement in the

social history of the ancient world, M.I. Finley's brilliant study remains, as classicist Bernard Knox notes in his introduction to this new edition, "as indispensable to the professional as it is accessible to the general reader"--a fundamental companion for students of Homer and Homeric Greece. Andy's not your average resident of exclusive Foxmeadow -- whenever he sits down to draw something, it turns out to be a dragon. And he wants to be a detective when he grows up -- not just an ordinary, everyday police detective, but a tough, cool, famous detective like the ones he reads about in mystery novels. Everyone knows a famous detective needs a sidekick, but Mrs. Edie Yakots, a lonely new bride who's just moved into Foxmeadow, isn't exactly what Andy had in mind -- he sometimes has a hard time just figuring out what's she's talking about. But she's the only volunteer for the job, and before he knows it, she's led him right into the middle of his first real crime -- in an inner-city neighborhood a short drive, and light years away, from Foxmeadow. Before he was a writer, Miguel de Cervantes was a soldier. Enlisting in the Spanish infantry in 1570, he fought at the battle of Lepanto, was seized at sea and held captive by Algerian corsairs, and returned to Spain with a deep knowledge of military life. He understood the costs of heroism, the fragility of fame, and the power of the military culture of brotherhood. In *Heroic Forms*, Stephen Rupp connects Cervantes's complex and inventive approach to literary genre and his many

representations of early modern warfare. Examining Cervantes's plays and poetry as well as his prose, Rupp demonstrates how Cervantes's works express his perceptions of military life and how Cervantes interpreted the experience of war through the genres of the era: epic, tragedy, pastoral, romance, and picaresque fiction. "Five short stories are told in the first person, all crisp and compactly tailored in setting forth their common theme of self-awareness".--Booklist (starred review)

**Kidnapped** seventeen years before, a man's daughter by a former marriage appears at his new home in Pittsburgh and affects the entire family. Elizabeth is an only child, new in town, and the shortest kid in her class. She's also pretty lonely, until she meets Jennifer. Jennifer is...well, different. She's read Macbeth. She never wears jeans or shorts. She never says "please" or "thank you." And she says she is a witch. It's not always easy being friends with a witch, but it's never boring. At first an apprentice and then a journeyman witch, Elizabeth learns to eat raw eggs and how to cast small spells. And she and Jennifer collaborate on cooking up an ointment that will enable them to fly. That's when a marvelous toad, Hilary Ezra, enters their lives. And that's when trouble starts to brew.

**Mark Setzer** tells about his troubles in general and in particular his misfortunes on the little league team managed by his mother and coached by his brother. "ninety percent of who you are is invisible." **Amedeo Kaplan** seems just like any other new kid who has

**moved into the town of St. Malo, Florida, a navy town where new faces are the norm. But Amedeo has a secret, a dream: More than anything in the world, he wants to discover something -- a place, a process, even a fossil -- some treasure that no one realizes is there until he finds it. And he would also like to discover a true friend to share these things with. William Wilcox seems like an unlikely candidate for friendship: an aloof boy who is all edges and who owns silence the way other people own words. When Amedeo and William find themselves working together on a house sale for Amedeo's eccentric neighbor, Mrs. Zender, Amedeo has an inkling that both his wishes may come true. For Mrs. Zender's mansion is crammed with memorabilia of her long life, and there is a story to go with every piece. Soon the boys find themselves caught up in one particular story -- a story that links a sketch, a young boy's life, an old man's reminiscence, and a painful secret dating back to the outrages of Nazi Germany. It's a story that will take them to the edge of what they know about heroism and the mystery of the human heart. Two-time Newbery winner E. L. Konigsburg spins a magnificent tale of art, discovery, friendship, history, and truth. Heroes take chances, do hard things, and sometimes even change the world. To become a hero, kids can surround themselves with supportive people, boost their self-esteem and self-awareness, find their passion, and have the courage make things happen. This book shows them how to be the hero of their own**

story and discover their own hero journey. What makes a hero? Activists, advocates, allies, and friends. Sometimes heroes are our parents, teachers, or siblings. The truth is, heroes are inside everyone, and kids can and discover their inner hero, too! "The riddle of the "Mona Lisa" is solved in a most ingenious reconstruction of the middle years of Leonardo Da Vinci's life. . . . Thoroughly entertaining and believable".--"School Library Journal". In TalkTalk E. L. Konigsburg presents a selection of speeches she has given over a period of 25 years. In her introduction to the first speech, and to the book as a whole, she explains: "While each of my books has been written because I had a story I wanted to tell, these speeches were written because I had something I wanted to say. The audience for the former is children; for the latter, adults.... I recognize -- with a measure of amused detachment -- that some were written as a reaction to trends; others, to fads. I have given these talks in cafeteriums, auditoriums, and the public rooms of Holiday Inns. Even though I have not always been on a stage when addressing an audience, I have tried to set the stage. Between talk and talk, I have written passages connecting the speeches to the time in which they were written and to one another. And that is TalkTalk." Always a thought-provoking speaker, she has chosen nine speeches that capture the essence of her years as a writer for children. When brought together, they enrich one another and provide a chance to look back at what children's books have

been, to observe where they are now and to offer an insightful look at what books may continue to mean to children in the years to come. Written by an outstanding author, these speeches, individually and together, represent a vision of the need for books and the role books have played and should continue to play in the lives of children. Discoveries Amedeo Kaplan dreams of discovering something -- some treasure no one realizes is there until he finds it. And he would like to discover a true friend to share this with. Improbably, he finds the friend in aloof, edgy William Wilcox. And even more improbably, he finds his treasure among the memorabilia in the house of his eccentric neighbor, Mrs. Zender. But Amedeo and William find more than treasure -- they find a story that links a sketch, a young boy's life, an old man's reminiscence, and a painful secret dating back to the outrages of Nazi Germany. And they discover unexpected truths about art, friendship, history, heroism, and the mysteries of the human heart. Eleanor of Aquitaine has been waiting in Heaven for a long time to be reunited with her second husband, Henry II of England. Finally, the day has come when Henry will be judged for admission--and while Eleanor waits, three people close to her during various times of her life join her, helping to distract her and providing a rich portrait of a remarkable woman in history. Four young people learn how to cope with difficult situations. **THE BOOK OF PRIDE** captures the true story of the gay rights movement from the 1960s

to the present, through richly detailed, stunning interviews with the leaders, activists, and ordinary people who witnessed the movement and made it happen. These individuals fought battles both personal and political, often without the support of family or friends, frequently under the threat of violence and persecution. By shining a light on these remarkable stories of bravery and determination, **THE BOOK OF PRIDE** not only honors an important chapter in American history, but also empowers young people today (both LGBTQ and straight) to discover their own courage in order to create positive change.

Furthermore, it serves a critically important role in ensuring the history of the LGBTQ movement can never be erased, inspiring us to resist all forms of oppression with ferocity, community, and, most importantly, pride. **The Second World War. Poland.** Our narrator has no intention of being a hero. He plans to survive this war, whatever it takes. Meticulously he recounts his experiences: the slow unravelling of national events as well as uncomfortable personal encounters on the street, in the café, at the office, in his love affairs. He is intimate but reserved; conversational but careful; reflective but determined. As he becomes increasingly and chillingly alienated from other people, the reader is drawn into complicit acquiescence. We are forced to consider what it means to be heroic and how we ourselves would behave in the same circumstances. Written in 1961, this is the masterpiece of one of the great Polish

writers of the twentieth century. An astonishingly rich oral epic that chronicles the early history of a Bedouin tribe, the *Sirat Bani Hilal* has been performed for almost a thousand years. In this ethnography of a contemporary community of professional poet-singers, Dwight F. Reynolds reveals how the epic tradition continues to provide a context for social interaction and commentary. Reynolds's account is based on performances in the northern Egyptian village in which he studied as an apprentice to a master epic-singer. Reynolds explains in detail the narrative structure of the *Sirat Bani Hilal* as well as the tradition of epic singing. He sees both living epic poets and fictional epic heroes as figures engaged in an ongoing dialogue with audiences concerning such vital issues as ethnicity, religious orientation, codes of behavior, gender roles, and social hierarchies. The perfect St. Patrick's Day gift, and a book in the best tradition of popular history -- the untold story of Ireland's role in maintaining Western culture while the Dark Ages settled on Europe. Every year millions of Americans celebrate St. Patrick's Day, but they may not be aware of how great an influence St. Patrick was on the subsequent history of civilization. Not only did he bring Christianity to Ireland, he instilled a sense of literacy and learning that would create the conditions that allowed Ireland to become "the isle of saints and scholars" -- and thus preserve Western culture while Europe was being overrun by barbarians. In this entertaining and compelling narrative, Thomas Cahill

**tells the story of how Europe evolved from the classical age of Rome to the medieval era. Without Ireland, the transition could not have taken place. Not only did Irish monks and scribes maintain the very record of Western civilization -- copying manuscripts of Greek and Latin writers, both pagan and Christian, while libraries and learning on the continent were forever lost -- they brought their uniquely Irish world-view to the task. As Cahill delightfully illustrates, so much of the liveliness we associate with medieval culture has its roots in Ireland. When the seeds of culture were replanted on the European continent, it was from Ireland that they were germinated. In the tradition of Barbara Tuchman's *A Distant Mirror, How The Irish Saved Civilization* reconstructs an era that few know about but which is central to understanding our past and our cultural heritage. But it conveys its knowledge with a winking wit that aptly captures the sensibility of the unsung Irish who relaunched civilization. BONUS MATERIAL: This ebook edition includes an excerpt from Thomas Cahill's *Heretics and Heroes. In The Heroic Earth*, David T. Murphy argues that geopolitical ideas were most dynamic and significant in Germany not during the Nazi era (1933-45) but in the democratic culture of the Weimar republic (1919-33). By helping to condition the German population to geopolitical ideas, which emphasized revision of the Versailles settlement and enlarging Germany's living space, geopolitics helped contribute to Nazi imperialism. From the defeat of**

**Germany in 1918 until the rise of National Socialism in 1933, theories of geographical determinism enjoyed a broad currency in many fields of German public life. The ancient notion that environmental factors--climate, topography, resource distribution--shape society in significant ways was now applied in a radically determinist fashion to help Germans understand why they had lost the war and what they had to do to regain their place among the Great Powers. Under the rubric of Geopolitik, politicians, teachers, writers and others argued that the key to Germany's past, and the hope for its future, lay in understanding geography's determining impact upon races, cultures, states, and warfare. Theories of geographical determinism shaped German thinking about politics, race, science, education, aesthetics, and many other subjects on the eve of the Nazi era. Challenging traditional historiography, Murphy argues that geopolitics faded in importance after Adolf Hitler came to power. Painters, a sculptor, an architect, a photographer, a poet in light, a cop, a conservator, even a spy: inspiring life stories of 16 remarkable women of art from the Renaissance to present. -- adapted from back cover. Fifteen of E.L. Konigsburg's beloved classic novels are now available together in a collectible boxed set! This entertaining collection features: From the Mixed-Up Files of Mrs. Basil E. Frankweiler (1968 Newbery Medal) Jennifer, Hecate, Macbeth, William McKinley, and Me, Elizabeth (1968 Newbery Honor) The View from Saturday (1997**

**Newbery Medal) A Proud Taste for Scarlet and Miniver (A National Book Award finalist) (George) About the B'Nai Bagels Journey to an 800 Number My Father's Daughter The Mysterious Edge of the Heroic World The Outcasts of 19 Schuyler Place The Second Mrs. Gioconda Silent to the Bone T-Backs, T-Shirts, Coat, and Suit Throwing Shadows (1999 Phoenix Award winner) Up from Jericho Tel Now available in a deluxe keepsake edition! A Time Best YA Book of All Time (2021) Run away to the Metropolitan Museum of Art with E. L. Konigsburg's beloved classic and Newbery Medal-winning novel From the Mixed-Up Files of Mrs. Basil E. Frankweiler. When Claudia decided to run away, she planned very carefully. She would be gone just long enough to teach her parents a lesson in Claudia appreciation. And she would go in comfort-she would live at the Metropolitan Museum of Art. She saved her money, and she invited her brother Jamie to go, mostly because he was a miser and would have money. Claudia was a good organizer and Jamie had some ideas, too; so the two took up residence at the museum right on schedule. But once the fun of settling in was over, Claudia had two unexpected problems: She felt just the same, and she wanted to feel different; and she found a statue at the Museum so beautiful she could not go home until she had discovered its maker, a question that baffled the experts, too. The former owner of the statue was Mrs. Basil E. Frankweiler. Without her—well, without her, Claudia might never have found a way to go home.**

**Who is George? Only Howard Carr and his older brother, Ben, can answer that question, because only they know about George. George is the funny little man who lives inside Ben, helping him (mostly) navigate life as a sixth grader who happens to be a scientific genius and who happens to be studying organic chemistry with students much older than he. One of those students is William Hazlitt, a senior who has been Ben's lab partner in previous years. William's interest in chemistry has taken a troubling turn, and Ben has a plan to come to his rescue. And that's when things get complicated -- for Howard, for Ben, and for George. HOW HAD MRS. OLINSKI CHOSEN her sixth-grade Academic Bowl team? She had a number of answers. But were any of them true? How had she really chosen Noah and Nadia and Ethan and Julian? And why did they make such a good team? It was a surprise to a lot of people when Mrs. Olinski's team won the sixth-grade Academic Bowl contest at Epiphany Middle School. It was an even bigger surprise when they beat the seventh grade and the eighth grade, too. And when they went on to even greater victories, everyone began to ask: How did it happen? It happened at least partly because Noah had been the best man (quite by accident) at the wedding of Ethan's grandmother and Nadia's grandfather. It happened because Nadia discovered that she could not let a lot of baby turtles die. It happened when Ethan could not let Julian face disaster alone. And it happened because Julian valued something important**

in himself and saw in the other three something he also valued. Mrs. Olinski, returning to teaching after having been injured in an automobile accident, found that her Academic Bowl team became her answer to finding confidence and success. What she did not know, at least at first, was that her team knew more than she did the answer to why they had been chosen. This is a tale about a team, a class, a school, a series of contests and, set in the midst of this, four jewel-like short stories -- one for each of the team members -- that ask questions and demonstrate surprising answers. Jeanmarie and Malcolm meet Tallulah, the ghost of a once-famous actress, who sends them on a quest to find the Regina Stone--the diamond she wore until it was stolen when she died. But they soon find more than they bargained for. E.L. Konigsburg revisits the town of Epiphany to tell the story of Margaret Rose Kane, Connor's older half-sister. It's about the summer when Margaret Rose turned twelve--the same year that Cabbage Patch dolls were popular, that Sally Ride became the first woman to go into space, that El Nino turned the world upside-down. Margaret Rose begins her summer with a miserable experience at camp, from which she's rescued by her beloved, eccentric uncles. Little does she know that her uncles, in turn, need rescuing themselves--from a tyrannical city council determined to tear down her uncles' life work--three spectacularly beautiful towers that her uncles have been building since before Margaret was a baby. A rousing book about intelligence, art, and the

fierce preservation of individuality, from EL Konigsburg. Amedo moves to a new town with a dream. He wants to discover something and he wants a friend to share his search. This 1982 novel is the story of Bo Stubbs, about to launch a new life as the privileged stepson of a very rich man--but first he has to survive a month with his father, an itinerant camel-keeper who entertains at shopping malls and conventions around the country. T-Backs, T-Shirts, COAT, and Suit: First published in 1993, this is another story of a kid doing time in an unfamiliar, unconventional environment--in this case, Chloe is spending the summer with her aunt Bernadette, who drives a food service wagon in Florida. Going to Peco, Florida, for the summer to stay with Bernadette is not Chloe's first choice. Or her second or her third. It's her only choice. She has to leave town because of the hair contract. If she didn't sign it, her friends would shun her; if she did sign it, anytime any one of them had a bad hair day it would mean total immersion in the local pool for all of them, Chloe included. Chloe not only hates total immersion, she fears it. So it's off to Bernadette's for the summer. "Help Bernadette," Nick, Chloe's stepfather, says. Bernadette is his sister. "And give the unexpected a chance." Just what that means Chloe discovers right away. Everything about Bernadette is unexpected: her dog; her job driving a commissary van that serves sandwiches, hot dogs, hamburgers, and junk food to shipyard and dock workers; her way of teaching Chloe to swim; her

**ability to skate on Rollerblades; her adventures in the commune where she and Nick had lived for a year; and especially the fact that the unexpected is never unexpected to her, not even the events that follow when some commissary drivers begin wearing T-back swimsuits to work (a way of increasing business) and other groups in Peco decide T-backs should be banned forever. Bernadette, who will not wear T-backs but will not oppose them either, is caught in the middle. And no matter what Chloe does, the results are unexpected. Unexpected, it seems, is all you can really count on, unless, like Bernadette, you know enough about the past to have an idea of what the future might bring. And even then, well, maybe Bernadette doesn't always know everything.**
