First Published in 2012. Routledge is an imprint of Taylor & Francis, an informa company. Explores such key genres of photography as panoramas, portraits, and creating a narrative in photographs. Always, the focus is on engaging your subject and working--often quickly--to get the best shots. Chapters cover everything from inspiration and research to the practicalities of purchasing the right equipment. Practical information including checklists, essential contents of a camera bag, and other helpful resources are listed in the back. Learn more than 10,000 of the most useful words and phrases in English with this beautifully illustrated dictionary for English-language students. Building on the success of the English for Everyone program and DK's Bilingual Visual Dictionary series, English for Everyone: Illustrated English Dictionary uses crystal-clear illustrations to show the meaning of over 10,000 words of English vocabulary. The words are shown in a visual context in themed sections covering practical or everyday topics (such as shopping, food, or study), providing learners with all the vocabulary they need for work, travel, and leisure. Learning English vocabulary is even easier with this visually stunning dictionary. The Rough Guide to Digital Photography is an up to date quick reference tool for all things photography-related. With tips on composition and technique, editing quick fixes, and cool things to do with photos, this essential handbook tells you what you need to know to maximize the quality and impact of your pictures both online and off. It will also help you make sense of the mass of online options in an ever-changing digital age, from photo sharing and hosting to creating blogs, mash-ups and slideshows. Taking a practical look at the many image tools available, it will help you decide what's best for you and shows you how to: Learn the rules of composition ... and then learn how to break them Harness the power of the digital darkroom and how to create images that will impress your friends Whether you are new to photography, want to get the best out of your cameraphone, or are a dedicated amateur with an SLR this book will help you make the most of your pictures at home, on the move or online. In contrast to the jargon-filled manuals that come with most digital cameras, The Beginner's Photography Guide presents step-by-step digital slr camera basics, while introducing and demonstrating a wide variety of techniques that will inspire the novice digital photographer. Grouped together by themes-color, composition, natural light, framing, and more-each camera technique is broken down into an easy-to-follow step-by-step sequence, and features annotated photographs and suggestions on getting the best from digital slr cameras and taking eye-catching photos. In life, just as in sports, you miss all of the shots you don't take. 'Shoot Your Shot' provides a unique and entertaining approach to the self-help book genre by identifying the key principles that the world's most elite basketball players--such as Michael Jordan, Kobe Bryant, LeBron James, and Stephen Curry--have applied to their lives and relates how you, the reader, can use those exact same principles to help you navigate through life and realize your dreams. Divided into "Quarters" and reading as if you are in an actual game, 'Shoot Your Shot' provides a never-before-seen yet effective and enjoyable approach on how to accomplish your goals and attain success. By utilizing examples of techniques employed on the court, the stories of current and former NBA players and personnel, as well as personal recollections from the author, 'Shoot Your Shot' gives you the winning formula on how to live your best life. This book is perfect for any age, background, and standing in life! The Rough Guide to Sydney is your indispensable travel guide with clear maps and detailed coverage of Australia's oldest, largest and most vibrant city. As well as step-by-step accounts of Sydney's city centre attractions you'll find full coverage of Sydney's magnificent beaches, including quintessential surfing destination Bondi Beach; Sydney's beautiful harbour, where magnificent wild landscapes lie within easy reach by ferry; and the surrounding countryside, including the spectacular, mist-shrouded Blue Mountains, and the wine-lovers' paradise of the Hunter Valley. Besides in-the-know reviews of Sydney's hotels, hostels and nightlife, The Rough Guide to Sydney details Sydney's vibrant dining scene listing Sydney restaurants and cafés in up-and-coming neighbourhoods as well as in the ever-changing city centre. An entire chapter is devoted to Sydney's bars and pubs, while further sections include Kids' Sydney, Shopping in Sydney, and Gay Sydney, where you'll find an overview of the city's legendary Mardi Gras, just one of a year-round calendar of exciting and unusual festivals. Make the most of your holiday with The Rough Guide to Sydney Whether you live below the Mason Dixon Line or just wish you did, The Southerner's Handbook is your guide to living the good life. Curated by the editors of the award-winning Garden & Gun magazine, this compilation of more than 100 instructional and narrative essays offers a comprehensive tutorial to modern-day life in the South. From Food and Drink to Sporting & Adventure; Home & Garden to Style, Arts & Culture, you'll discover essential skills and unique insight from some of the South's finest writers, chefs, and craftsmen—including the secret to perfect biscuits, how to wear seersucker, and to the right way to fall off of a horse. You'll also find: Roy Blount Jr. on telling a great story; Julia Reed on the secrets of throwing a great party; Jonathan Miles on drinking like a Southerner; Jack Hitt on the beauty of cooking a whole hog; John T Edge on why Southern food matters; and much more. As flavorful, authentic, and irresistible as the land and the people who inspire it, The Southerner's Handbook is the ultimate guide to being a Southerner (no matter where you live). This book has been written as a guide to help anyone struggling with online multiplayer First-Person Shooter (FPS) games or even if you just want to sharpen up your existing skills. By reading through the strategies, you should easily improve your game, and become a more formidable opponent. This book covers any potential problems you may encounter during FPS online play and incorporates generic techniques that you will be able to use in all FPS games regardless of their origin, timescale, control system or platform. The things that remain the same in all FPS are the basic tactics and techniques that are employed by some of the worlds best online gamers and some of the world's most formidable military powers. These are the superior tactics that you will be able to utilise in any FPS game you play and will keep you one step ahead of any player. Whether they're beginners or seasoned shooters, women need to know some subtle (and not so subtle) differences to excel in—and enjoy—the shotgun sports. Ladies are not built like men. They don't think like men. Women don't react, move, or process life like men. And they don't shoot like men. Firearms writer and shooter Laurie Bogart Wiles now offers a comprehensive guide to shotgunning targeted at the female shooter and covering target shooting, trap, skeet, five stand, FITASC, and wingshooting. Shotgun Sports for Women includes: Gun safety and gun respect The mental game and motivation Basic groundwork and practicing Gun fit for women's body types Traveling with firearms Shooting clubs for women And much more! Women can pick up tips on improving their stance or learn the basics in Shooter's Bible Guide to Shotgun Sports for Women. Also included are a detailed directory of shooting schools and instructors, youth programs, suggested reading, gunmakers, manufacturers of shooting attire and accessories, and an extensive glossary. Armed with the extensive knowledge and experience of Laurie Bogart Wiles, this handy guidebook

is a great way for women to learn about shotgunning from a fellow woman. This manual reflects an impassioned belief in the 2nd Amendment, and is a must have for any woman interested in buying, owning, and securely keeping a gun. The growing concern over the number of accidental firearm shootings, especially those involving children, prompted passage of the initial handgun safety law which went into effect in 1994. The stated intent of the California Legislature in enacting the current FSC law is for persons who obtain firearms to have a basic familiarity with those firearms, including, but not limited to, the safe handling and storage of those firearms. The statutory authority for this program is contained in Penal Code sections 26840 and 31610 through 31700. These statutes mandate DOJ to develop, implement and maintain the FSC Program. Pursuant to Penal Code section 26840, a firearms dealer cannot deliver a firearm unless the person receiving the firearm presents a valid FSC, which is obtained by passing a written test on firearm safety. Prior to taking delivery of a firearm from a licensed firearms dealer, the purchaser/recipient must also successfully perform a safe handling demonstration with that firearm.. Discusses the basics of digital photography and provides assignments and practical examples for the amateur photographers that make concepts easy to grasp.

Lonely Planet: The world's leading travel guide publisher The best-selling Lonely Planet's Guide to Travel Photography is written by internationally renowned travel photographer Richard I'Anson. He shares his wealth of experience and knowledge about travel photography in this jargon-free guide to taking better photographs. This new edition has been thoroughly updated and refreshed with up-to-the minute advice, information and instructions on how to take amazing travel photographs using the latest digital cameras. It also includes tips on how to get great results from smartphones, DSLR cameras, drones and GoPro action cameras. The author explains: How to get started in travel photography What kit is required - whether you're an enthusiastic amateur photographer or a budding professional - and how to use it Types of software and computers needed to process pin-sharp images On-the-ground advice, including photography etiquette, safety and security Essential advice and know-how on lighting, composing and shooting great images How to choose the best lense, set aperture, shutter speeds and exposure Detailed instructions on taking photographs of moving subjects, portraits of people, landscapes, cities, wildlife, festivals, food and drink Processing, saving and sharing digital images using various software programs, and even selling travel images. Lonely Planet's Guide to Travel Photography is the definitive handbook for anybody keen to improve the photographs they take on their travel trips and wow their friends and family at home. It's a long-standing success and will continue to inspire a new generation of travellers with the updated information and tips inside. About Lonely Planet: Started in 1973, Lonely Planet has become the world's leading travel guide publisher with guidebooks to every destination on the planet, gift and lifestyle books and stationery, as well as an award-winning website, magazines, a suite of mobile and digital travel products, and a dedicated traveller community. Lonely Planet's mission is to enable curious travellers to experience the world and to truly get to the heart of the places they find themselves in. TripAdvisor Travelers' Choice Awards 2012, 2013, 2014, and 2015 winner in Favorite Travel Guide category 'Lonely Planet guides are, quite simply, like no other.' ? New York Times 'Lonely Planet. It's on everyone's bookshelves; it's in every traveller's hands. It's on mobile phones. It's on the Internet. It's everywhere, and it's telling entire generations of people how to travel the world.' ? Fairfax Media (Australia) Important Notice: The digital edition of this book may not contain all of the images found in the physical edition. The "bible" of the firearms industry for accurate value information and descriptions of rifles, pistols, and shotguns. The industry standard for over 25 years! Save time and money with in-depth reviews, ratings, and details from the trusted source for a successful Universal Orlando vacation. This book provides a full-year curriculum for educators wishing to teach a digital photography/multimedia class that will endow students with the technical skills for producing complex digital imaging projects. • Provides a full-year digital photography curriculum comprising more than 20 hands-on digital photography projects • Supplies grading rubrics for every project • Includes a CD-ROM containing sample photographs for student practice, detailed project plans, and grading rubrics • Provides guidelines for buying digital cameras, computers, and software for your class as well as for establishing your classroom The creative director of CheapChicas.com and host of Girl Get Your Mind Right shares tips and tricks to shopping on a budget while copying favorite designer looks, counseling readers on how to define a personal style and strategically target vendors for affordable fashions. Original. TV tie-in. 40,000 first printing. This book is the complete beginner's guide to long range shooting written in simple every-day language so that it's easy to follow. Included are personal tips and best advice from my years of special operations sniper schooling and experience, and as a sniper instructor. If you are an experienced shooter, this guide will be a resource covering the principles and theory of long range shooting. This is the preliminary book to help you understand fundamental concepts such as MOA vs Mils and external ballistics, that can be like a trusted resource at the range. Learning to shoot long range isn't that difficult. Once you understand the basics, you can start to master your technique and you'll be hitting targets in no time. The author has a series of online instructional videos known for their ability to take seemingly complex areas of long range shooting and breaking them down so that they're easy to understand. This book was motivated by the feedback from those videos. The handbook is broken down into three main categories: What it is/How it works, Fundamentals, and How to use it. "What it is/How it works" covers equipment, terminology, and basic principles. "Fundamentals" covers the theory of long range shooting. "How to use it" gives you practical advice on how to implement what you've learned so far to make you a long range shooter. So you want to make a documentary, but think you don't have a lot of time, money, or experience? It's time to get down and dirty! Down and dirty is a filmmaking mindset. It's the mentality that forces you to be creative with your resources. It's about doing more with less. Get started NOW with this book and DVD set, a one-stop shop written by a guerrilla filmmaker, for guerrilla filmmakers. You will learn how to make your project better, faster, and cheaper. The pages are crammed with 500 full-color pictures, tips from the pros, resources, checklists and charts, making it easy to find what you need fast. The DVD includes: * Video and audio tutorials, useful forms, and interviews with leading documentary filmmakers like Albert Maysles (Grey Gardens), Sam Pollard (4 Little Girls), and others * 50+ Crazy Phat Bonus pages with jump start charts, online resources, releases, storyboards, checklists, equipment guides, and shooting procedures Here's just a small sampling of what's inside the book: * Putting together a crew * Choosing a camera * New HDV and 24P cameras * Shooting in rough neighborhoods * Interview skills and techniques * 10 ways to lower your budget * Common production forms For anyone with questions about online shopping, Preston Gralla provides an easy to use source of answers for both computer related and online commerce related questions. The concept for Studio Anywhere came from photographer Nick Fancher's experience trying to build model shots for his portfolio. As a young professional photographer with a family, he didn't have the money to rent out a studio, and he wasn't familiar with all the areas around some of his models' locations (when he was traveling, for example). So he started shooting in the models' living spaces. Each place was different—a penthouse here, a dark art space there—and they all forced him to think a bit outside the box and seek out photographic opportunities. He also had to

carry little gear, traveling light. All this gave him the idea for this book, which highlights what one can do with a bit of portable gear, a grasp of photographic basics, and a lot of imagination in order to see the possibilities in any given situation. In *Studio Anywhere: A Photographer's Guide to Shooting in Unconventional Locations*, Nick will cover different "studios" that can be created anywhere, from a basement to a street, from an office to a park, from a living room to a backyard. And he will do all this with just the following gear: 1-3 Speedlites, a foam core board, a grid for the flash, an umbrella, an ND filter, and gaffer tape. And because his photos have a unique "look" to them, Nick will also include his post-processing in Lightroom, with occasional "pro tips" as he jumps over to Photoshop for just a bit of heavier lifting in the digital darkroom. Nick will also have a "Deconstruct this photo" thread running throughout the book (one for each studio section), which will help students be able to better read photos (how many lights were used? what kind of modifier was used? where was the light placed?) in order to "reverse engineer" them, so that they can recreate similar lighting scenarios themselves. After reading *Studio Anywhere*, students will be inspired to get out and shoot in more "unconventional" locations, and will be equipped with the knowledge and know-how to do so. First Published in 2008. Routledge is an imprint of Taylor & Francis, an informal company. Dan Baum is a gun fanatic. He is also Jewish Democrat who grew up in suburban New Jersey. In *Gun Guys*, he takes us on a guided tour of gun stores and gun shows, shooting ranges and festivals, contests and auctions, trying to figure out what draws so many of us to guns in the first place. Is it just part of being American? Introducing a wide cast of characters, Baum shows both sides of the gun culture in America, bringing an entire world vividly to life, and in doing so helping to find a middle ground in the gun debate, where actual conversation can take place. If you want to be a loving person, it has to be a major part of your life. You need a naturally soft soul. If you don't love animals then you don't have true love inside of you which is no big deal because many people don't have it, especially in a modern world where screens, entertainment, hedonism and addictions have largely replaced a loving family life. The main topics of this book are: falling in love finding a soulmate finding a steady guy with a paycheck or a girl who will mother you feeling dreamily in love the reality of romantic love for many couples; being alone together for the sake of being paired up love: dream of the perfect feeling forever love inspiration romance love quotes, poems, music the engagement, the proposal, the wedding married life the legal aspects of marriage The 84 volumes are as follows: Volume 1. Make the most of your time with The Rough Guide to Kenya. Now available in ePub format. Information online is not stored or organized in any logical fashion, but this reference attempts to organize and catalog a small portion of the Web in a single resource of the best sites in each category. Discusses such electronic privacy concerns as what privacy is, how it relates to individuals, laws and regulations, identity theft, monitoring devices, and how to protect Internet transactions. The problem with talking about firearms is that people tend to be either gun nuts or they're totally ignorant and/or scared to death of firearms. If you're a novice and try to find answers online you're soon flooded with divergent opinions, conflicting advice, and sometimes ridicule for asking such "stupid" questions. Finding answers in person, in a gun store, surrounded by firearm devotees, is even more intimidating! Who, in their right mind wants to embarrass themselves in a room full of complete strangers! This book takes those who are new to the world of firearms and explains the basics of how firearms work, the strengths and weaknesses of every major type of firearm you're likely to encounter, and in the final section, shows you how to evaluate firearm and ammunition choices. When you're finished reading this book you'll be

equipped to make an informed purchase that takes into account your budget and your needs.
